FLYING HIGH
Navigating Aerospace and Defense Sector with Splunk

The No. 1 priority for the Aerospace and Defense (A&D) industry is sales growth

But to get there organizations must:

INNOVATE
TO STAY RELEVANT

MAINTAIN
A COMPETITIVE BUSINESS MODEL

REDUCE
COST STRUCTURE

GROUNDING THE INDUSTRY
The turbulence that could keep the sector grounded

- Lack of operational collaboration
- Incomplete supply chain operations visibility
- Ever-increasing cybersecurity threats
- Government compliance increasing product costs
- Challenges with supplier performance
- Lack of insights into system status
