Exam Registration Tutorial

A step-by-step guide to getting registered for the new Splunk Certification exams.

splunk > turn data into doing™

Step 1

First-time registrants:

Connect your Splunk account to the Pearson VUE platform.

If this is your **first time** taking a Splunk certification exam with Pearson VUE, please [click here](#) to fill out the form to connect your Splunk account to the Pearson VUE platform*.

If you are not currently logged in to your Splunk.com account, you will be redirected to the login page first.

The form only needs to be submitted once.

If you have already completed this step and have not received your authorization to test emails, please contact certification@splunk.com for assistance.

If you've already created a Splunk account with [Pearson VUE](#), please skip directly to [Step 5](#).

Step 2

Submit complete, accurate contact information to testing partner Pearson VUE.

Full name provided **must match candidate's photo ID**, which will be checked at the time of exam.

Please select country of residence from pull-down menu.

Incomplete or inaccurate information will result in **delayed** registration.

Step 3

Wait for Authorization to Test email from Pearson View.

After submitting your form, please wait two business days for your Authorization to Test email(s). After two business days have passed, contact certification@splunk.com if you have not received any emails.

You may receive multiple Authorization to Test emails, but can use the links in any of the emails to access your Pearson VUE account.

Make note of your **Splunk ID**.

This is your personal ID number, which is needed to create a Pearson VUE account.

That's it!

Now it's time to study.

You will receive a registration confirmation email from Pearson VUE. Please read this email carefully, as it provides important information regarding rescheduling, cancellation, etc. **Splunk Certification cannot modify, cancel, or reschedule existing exam appointments.** Please work with Pearson VUE support for these types of requests.

We highly recommend reviewing our [Splunk Certification Candidate Handbook](#) to ensure you are familiar with Splunk's most up-to-date program policies.

Once you're ready to hit the books, we recommend reviewing our [Splunk Certification Exams Study Guide](#). There you'll find sample questions and our test blueprints, giving you a detailed look at what to expect in the exam content.

IMPORTANT: When you sit for your certification exam, you will have **3 minutes** to review and accept the Splunk Certification Agreement. Exam sessions will be terminated if this is not accepted within the designated time-frame. You can review the agreement at your convenience in our handbook (linked above, page 14) if you'd like additional time.

As a final note, thank you for your continued commitment and enthusiasm for Splunk Certification.

Good luck on your exam!
