

Splunk App for Content Packs Walkthrough

This 11.5-minute walkthrough is for Splunk and IT admins with basic IT knowledge who understand IT Operations and monitoring. Students will learn the basic use of Splunk's App for Content Packs, its installation, and its configuration. They will learn how to add knowledge objects to ITSI and IT Essentials Work resources to monitor, and how to check monitoring metrics.

Course Topics

- Overview
- App Installation
- Content Pack Configuration

Prerequisite Knowledge

To be successful, students should have a solid understanding of one of the following courses:

- IT Essentials Work Walkthrough
- Implementing Splunk IT Service Intelligence
- Splunk Enterprise System Administration
